FAIS CONFLICT OF INTEREST DISCLOSURE

Please note that your financial advisor may be a related party to the co-naming partner and/or BCI. It is your financial advisor's responsibility to disclose all fees he/she receives from any related party. The portfolio's TER includes all fees paid by portfolio to BCI, the trustees, the auditors, banks, the co-naming partner, underlying portfolios, and any other investment consultants/managers as well as distribution fees and LISP rebates, if applicable. The portfolio's performance numbers are calculated net of the TER expenses. The investment manager earns a portion of the service charge and performance fees where applicable. In some instance portfolios invest in other portfolios which forms part of the BCI Schemes. These investments will be detailed in this document, as applicable.

EXPECTED TOTAL EXPENSE RATIO (TER)

Please note: A higher TER ratio does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER cannot be regarded as an indication of future TER's. Transaction Costs are a necessary cost in administering the Fund and impacts Fund returns. It should not be considered in isolation as returns may be impacted by many other factors over time including market returns, the type of Fund, the investment decisions of the investment manager and the TER. The prior year TER and Transaction cost calculations are based upon the portfolio's direct costs for the financial year ended 31 August 2017, whilst the underlying portfolios' ratio and cost calculations are based upon their most recent published figures, being 30 June 2018.

EFFECTIVE ANNUAL COST (EAC)

Boutique Collective Investments adopted the ASISA Standard on Effective Annual Cost ("EAC"). The EAC measure allows you to compare charges on your investments as well as their impact on your investment returns prior to investing. For further information regarding the ASISA Standard on Effective Annual Cost and access to the EAC calculator please visit our website at www.bcis.co.za.

***Fixed Administration Fee:** R10 excluding VAT which will apply to all direct investor accounts with balances of less than R100 000 at month end, unless an investor transacts online, in which case no such fee will be levied.

PERFORMANCE REPORTING

Investment performance is for illustrative purposes only and calculated by taking actual initial fees and ongoing fees into account for amount shown with income reinvested on reinvestment date

RISK PROFILE

Medium Risk

- This portfolio has a balanced exposure to various asset classes. It has more equity exposure than a low risk portfolio but less than a high-risk portfolio. In turn the expected volatility is higher than a low risk portfolio, but less than a high-risk portfolio. Expected potential long term returns could be higher than other risk profiles and in turn the risk of potential capital losses is higher.
- Where the asset allocation contained in this MDD reflect offshore exposure, the portfolio is exposed to currency risks. Therefore, it is suitable for long term investment horizons.
- The portfolio is exposed to equity as well as default and interest rate risks.
- The portfolio is suitable for medium term investment horizons.
- The probability of losses is higher than that of a low risk portfolio, but less than a high-risk portfolio and moderate long term investment returns are expected.
